

## Nitrile

Print date 29-01-2018

### Glove material

- Flocked (Liner material)

### Possible Harmful ingredients

#### Sensitizers

- Zinc Diethyldithiocarbamate
- Mercaptobenzothiazole

Only a very small number of users may be sensitised to this ingredient in the glove and hence may develop irritant and/or allergic contact reactions.

Reach Regulation 1907/2006

For more information, please consult the REACH statement on the Ansell website

### Properties

- Excellent physical properties
- Very good dexterity
- Reversed lozenge pattern for improved grip
- Each glove is individually air pressure tested for pinholes

### EN Test Data

#### Liquidproofness:

Acceptable Quality Level 0.065 or EN performance level 3

#### Chemical permeation:

For more information on chemical permeation, please consult Ansell website
