

MicroSeal[®] NW Antistatic 100% Polyester Cleanroom Wiper

MicrSeal[®] NW is a 100% knitted polyester wiper recommended for ISO Class 4 and above environments. Its edges are sealed with antistatic fiber which attracts and dissipates the charge, then locks any residual charge into the fiber.

Key Attributes

- 100% knitted polyester
- Sealed edge with antistatic fiber which attracts and dissipates the charge, then locks any residual charge into the fiber
- Laundered and packaged in an ISO Class 4 cleanroom

Benefits

- Chemically compatible with common cleaning and disinfecting solutions
- Abrasion resistant

Applications

- Designed for use in ISO Class 4 and higher cleanroom environments
- Ideal for use in critical application where contamination and static control are an issue

Notes:

- Technical data represented in this table are typical values at the time of publication. These should not be used as product specifications.
- Due to differences in test methods applied and equipment utilized by different wiper manufacturers, valid product comparisons may only be obtained through side-by-side testing in the same test facility, under similar conditions
- Third party testing can be performed upon request
