

Sunsorb® 300

100% Rayon Nonwoven Cleanroom Wiper

Berkshire is committed to lessen the environment impact of its manufacturing process and products through its **Green Scope Program**

Sunsorb® 300 is an environmentally friendly wipe that has been designed for ISO Class 5 (Class 100) and above cleanroom applications. Sunsorb® 300 is 100% biodegradable. It is made from 100% rayon natural

fiber that contains no binders or additives. Sunsorb® 300 can be used in pharmaceutical, medical device, and other critical environments where absorbency, softness and heat resistance are required.

Key Attributes

- 100% nonwoven rayon
- No binders or other additives
- Engineered as a thermal resistant material
- Quarterfolded

Benefits

- Excellent strength and durability
- Heat resistant
- Highly absorbent ; absorbs 12 times its own weight
- Soft
- Low extractables
- Chemically compatible with common cleaning and disinfecting solutions

Environmental

- Light weight, high absorbency design can reduce landfill waste impact when compared to more traditional heavier weight products
- 100% biodegradable
- Complies with RoHS 2002/05 and REACH requirements

Applications

- Cleaning high temperature production equipment
- Critical industrial applications where absorbency and softness are required
- Cleaning of support/less critical areas and manufacturing processes in regulated environments
- Wiping of optics and other sensitive surfaces
- Steam autoclavable for use in aseptic applications
- Compatible with ISO Class 5 (Class 100) cleanroom applications and above

	Cl ⁻	ppm	9.1	

Notes:

- Technical data represented in this table are typical values at the time of publication. These should not be used as product specifications.
- Due to differences in test methods applied and equipment utilized by different wiper manufacturers, valid product comparisons may only be obtained through side-by-side testing in the same test facility, under similar conditions
- Third party testing can be performed upon request
